EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Robert Winter on 22 July 2005.

The application has been amended as follows:

Please amend claim 37 as follows:

37. A method of inhibiting bone resorption in a mammal in need thereof comprising administering to the mammal an antagonist antibody or binding fragment thereof which binds to the osteoprotegerin binding protein of SEQ ID NO:39.

Please amend claim 52 as follows:

52. A method of inhibiting osteoclastogenesis in a mammal in need thereof comprising administering to the mammal an antagonist antibody or binding fragment thereof which binds to the osteoprotegerin binding protein of SEQ ID NO:39.

Please amend claim 68 as follows:

68. The method of claims 37 or 52 wherein the antibody is raised against an osteoprotegerin binding protein comprising the amino acid sequence of SEQ ID NO:39 or an antigenic fragment thereof.

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: addition of sequence identifiers (i.e., SEQ ID NO:) for both the nucleic acid and amino acid sequences in those figures listing sequences (Figs. 1 and 4). Applicant's attention is also directed to the Draftsperson's review, attached. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The following is an examiner's statement of reasons for allowance: the amendments to the claims were made to clarify the claimed invention. Applicant's amendments, arguments, and evidence submitted with the supplemental amendment (received 11 May 2005) overcame all remaining grounds of rejection and objections.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elizabeth C. Kemmerer, Ph.D. whose telephone number is (571) 272-0874. The examiner can normally be reached on Monday through Thursday, 7:00 a.m. to 5:30 p.m.
